

# Global Relocation Solutions

by TheMIGroup

## Just a better fit.

At TheMIGroup we deliver all of the vital services you require to relocate talent regionally or overseas. We ensure your organization has the information you need to develop and manage a competitive and efficient talent mobility strategy. Whether you seek to outsource the total relocation function or a selection of individual services, we are **just a better fit**.

### Intra-Country Relocation

We provide the full range of domestic services including home sale/purchase and renter services. We also offer an online expense management tool and a dynamic online lump sum tool.

### Global Relocation and Assignment Management

From candidate assessment and pre-decision support through on-assignment benefits management to employee repatriation, we coordinate your global program with a focus on employee satisfaction, corporate compliance and cost savings.

### Strategic Talent Management

Talent management is a key factor for success. Our services allow you to deploy your talent effectively, and position your company to competitively attract and retain the best in your industry.

## Customized Mobility Solutions.

We are unique in our industry in that we provide highly customized solutions to our clients, with the goal of meeting their specific needs. This attitude permeates our corporate culture and influences how we select, train and empower our staff, how we structure and deliver our services, and how we strengthen our client relationships.

## Why partner with TheMIGroup?

Our highly customized solution is the best option to support your unique approach to mobility management.

Our high touch, customer-focused model mirrors your corporate culture, delivering a seamless solution for your relocating employees.

Our promise is to manage your program with honesty, passion, and creativity.
